

17th June 2019

**Invitation to the IGU Joint Committee Meeting
(LNG & Transmission)
2-5 September 2019, Gyeongju, South Korea**

Dear Members of LNG Committee & Transmission Committee,

On behalf of Korea Gas Corporation(KOGAS), it is my great pleasure to cordially invite you to the IGU Joint Committee Meeting which will take place in Gyeongju on 2nd-5th September 2019. As you might know, this meeting is hosted by KOGAS and organized by the Korea Gas Union (KGU).

As a host partner of WGC 2021 and a premium associate member of IGU, KOGAS has been fully supporting the activities carried out by IGU Committees and Task Forces. It is especially meaningful that we host the joint meeting of your committees that are closely related to the business areas of KOGAS.

Located in the southeastern part of the Korean Peninsula, Gyeongju was the ancient capital of the Silla Kingdom for almost a thousand years. Gyeongju is known as 'The museum without walls' with countless historic sites, and the city also offers many advantages as a convention destination.

This joint committee meeting consists of joint plenary sessions and independent sessions by committees and by study groups, together with various networking activities and cultural experiences. I believe the organizer, KGU, will provide you with detailed information in a timely manner and will do its utmost to ensure the success of the joint meeting.

I hope you will visit Gyeongju and engage in productive discussions in the beautiful city of unique culture. See you in Gyeongju!

Sincerely yours,

A handwritten signature in black ink, appearing to read "Young, Lee", is written over a horizontal line.

Young, Lee
Vice President, Head of Management Cooperation Dept,
Korea Gas Corporation (KOGAS)
